

Cloud Volumes ONTAP Fundamentals

Delivery: Web-based training (WBT)

Duration: 1 hour

Course Description

Learn about NetApp® Cloud Volumes ONTAP® architecture and functionality. Explore basic administration, configuration, and management of Cloud Volumes ONTAP and how it integrates with NetApp BlueXP.

Role

Administrator, engineer, architect, and operator

Prerequisites

Introduction to NetApp Cloud Volumes ONTAP

Introduction to NetApp BlueXP

NetApp BlueXP Fundamentals

Objectives

This course focuses on enabling you to do the following:

- Articulate the Cloud Volumes ONTAP based storage system architectures
- Identify the various storage management options in Cloud Volumes ONTAP
- Discover how data is managed and protected in Cloud Volumes ONTAP
- Understand how Cloud Volumes ONTAP integrates with NetApp BlueXP

Course Content

This course includes the following modules and lessons:
