

NETAPP UNIVERSITY

# NetApp Transition Fundamentals

## COURSE DESCRIPTION

Welcome to NetApp Transition Fundamentals. As storage administrators demand more and more features from their enterprises, many are migrating from Data ONTAP operating in 7-Mode to the feature-rich clustered Data ONTAP operating system. This course helps you make decisions when planning a transition to clustered Data ONTAP.

## DELIVERY TYPE

Web-based Lecture (WBL)

## DURATION

1 hour 15 minutes

## AUDIENCE

This course is intended for everyone.

## TRAINING UNITS

None

## PREREQUISITES

None

## OBJECTIVES

By the end of this course, you should be able to:

- Identify the methodologies that you can use to move data from Data ONTAP operating in 7-Mode to the clustered Data ONTAP operating system
- Identify the technical considerations that arise when you transition data to the clustered Data ONTAP operating system
- List the basic steps for transitioning and migrating a NAS workload
- List the basic steps for migrating a SAN workload

## PRICING AND CANCELLATION POLICY

For pricing and cancellation information, see the NetApp University LearningCenter.

**NOTE:** If you are registering for this course with an Authorized Learning Partner, review the partner's pricing and cancellation policy.
